Gender Equality

What we have already achieved:-

- *Monitoring of progress is disaggregated by gender and implications considered*
- *We have a full range of sporting activities which are open to girls and boys*
- *We have 9 male members of staff in the school who act as good role models*

There are 2 aspects of the general duty, namely:-

1. *eliminate unlawful discrimination and harassment and*
2. *promote equality of opportunity between men and women.*

We want to do more by:-

- *monitoring uptake of pupil groups and promoting clubs accordingly*

Working in Partnership

We recognise that achieving equality, inclusion and good community relations involves working effectively and in partnership with others, including parents, community groups and local organisations:-

- *We run a wide range of information meetings, relating to year groups and curricular issues. We provide facilities for children to be looked after during the meetings, and vary the timings of the meetings to ensure they are convenient for parents with different commitments. Currently these are operating virtually, including Parents' Evening.*
- *We have links with the Parish Church, and Trinity Church and we participate in many of their community activities.*
- *We have an excellent relationship with the local Police and Town Council, having meetings with the PCSO who comes into school.*
